**CANDIDATE STATEMENT:** In 300 words or less, state why the role is of interest to you, what you hope to bring to the design community through a position on the chapter board.

I'm excited to be considered for a spot on the chapter board because I genuinely care about the design community and the people in it. Design has the power to connect, inspire, and drive real change—and I'd love to play a part in supporting that through this role.

With a tenure background in the A/D Industry, and expertise in the exterior furniture market, I bring a mix of creativity, collaboration, and a passion for problem-solving. I'm especially interested in creating opportunities for connection—whether that's through events, mentorship, or simply opening up more spaces for designers to learn from each other and share ideas.

I'd also love to help spotlight more diverse voices and perspectives in our community. I think we're at our best when everyone feels seen and supported, and I'd work hard to make sure that's reflected in everything we do as a board.

Ultimately, I see this as a chance to give back, grow alongside others, and help shape a community that's welcoming, forward-thinking, and full of energy.
